

Good Morning Everyone!

I would like to extend a huge thank you to all of you who devoted so much personal time to the 39th International Mustang Meet.

We had the most fantastic, hard working, perfect "Pit Crew" that I have ever seen volunteer for any car show. As for being show chairman this is only something one can dream of.

All of your unselfish dedication to go above and beyond the normal to ensure a successful show was seen this past weekend. I can say without a doubt that all of you made this one of the most memorable International's to date.

It was my pleasure to help with the planning of the show and without hesitation I would volunteer again in a minute knowing I could work with all of you again. I am very proud that the Alberta Mustang Owner's Association has such wonderful members.

With heartfelt thanks,

Karan
